Coffee Creamers & Whiteners

Acid casein is a complete protein with an exceptional amino acid profile. It can play an efficient role in supplying nutrients. It has a remarkably wide variety of uses in consumer applications and industrial non-food applications. Acid casein is a flexible solution that provides a wide range of functional and nutritional properties.

Our acid casein is dried to a variety of mesh sizes for various application needs to maximize shelf-life, stability and ease of storage and handling.

## CERTIFICATIONS & OPTIONS

## FEATURES & BENEFITS

- Neutral flavor
- Texture improvement
- High in protein and amino acids
- Low in fat, cholesterol and lactose
- Heat stable
