天富公司
THERMPHOS

致力于人类高品质生活
Committed to high quality of life

公司简介 THE COMPANY

天富是全球食品磷酸盐及其它精细磷酸盐的著名生产厂家之一，有四十多年相关产品的生产经验，曾是总部位于荷兰的原天富国际集团（Thermphos International BV）下属的重要磷酸盐生产工厂，是该集团品牌thermPhos在全球的唯一继承者。

我们立足于生产和销售各种精细磷酸盐，包括几乎所有食品级单体磷酸盐和用于电子、电镀等特殊用途的磷酸盐，以及用于各类食品加工的复配磷酸盐，尤以开发、生产各种高纯度的、特殊化学成分的、有独到的化学和物理性能的或者专门用途的产品见长。

利用其领先的焦磷酸二氢二钠、磷酸二氢钙等无铝酸化剂生产技术及应用知识，天富正在以无铝复配膨松剂为先导，进军烘焙行业，将业务延伸到各类食品品质改良剂及其它食品配料。

矿物质营养强化剂将是我们另外一个战略重点，可提供优质的钙、铁、锌、铜、锰、镁及复配营养强化剂。同时还拥有医药级系列产品。

我们的主要工厂位于江苏连云港，靠近港口。

我们在中国各地拥有熟知食品和化工产品应用技术的专业销售团队，在欧洲、阿根廷以及亚洲大部分国家设有代理或办事处，为全球各地客户提供商务、物流和应用等全方位的服务。

Thermphos is one of the global leading companies in producing food phosphates and other specialty phosphates, with more than 40 years of experiences in the industry. It was a major phosphate factory of former Thermphos Group. Now Thermphos is exclusive owner of the brand thermPhos in the world.

We focus on various specialty phosphate, including almost all food-grade single phosphates and blended phosphates in food processing, as well as single phosphates applied in electronic and electroplating industries. We are particularly strong in developing high-purity products, products with unique chemical or physical properties, or products for special applications.

Based on the production and application know-how of the aluminum-free acidulants, mainly sodium acid pyrophosphate and calcium phosphates, we are strategically expanding the business to bakery industry, starting from aluminum-free baking powders.

Mineral nutrients will be another strategic priority for us. We can supply high quality calcium, ferric, zinc, copper, manganese, magnesium and premix nutrition enhancer. We also have pharmaceutical grade series products.

Our main factory is located in Lianyungang, close to the port.

We have a professional sales team with strong knowledge and technology of food processing and chemicals. In addition, we have representative offices or agents in Europe, South America, North America and most Asian countries to provide commercial, logistic and application support to customers all over the world.

我们的愿景

员工引以为傲的、客户信赖的、社会尊重的全球性食品配料领先企业。

我们的使命

为客户带来价值，为员工带来发展，为社会带来贡献，为股东带来回报。

值得信赖的天富品牌

Our vision

A leading multinational food ingredient company, which the employees are proud of, which the customers trust and the community respects.

Our mission

To bring value to the customers by providing solutions, while bringing development opportunities to employees, bringing improvements to society and bringing reward to shareholders.

Our core values

Loyal
Trustable
Result-oriented
Cooperative
Energetic
Innovative

Our competitive strength

Professional production and business team
Loyal customers and channels
Accumulation of technical know-how and ability to innovate
Superior product quality
Tailor-made service
Reliable Thermphos brand

产品和应用

PRODUCTS AND APPLICATIONS

我们有近百种产品，主要包括各种食品级和医药级单体磷酸盐、复配磷酸盐、矿物质营养强化剂、，电镀、电子等其它用途的特殊磷酸盐，以及无铝复合膨松剂及其配套产品等。

食品级单体磷酸盐包括正磷酸、焦磷酸、三聚磷酸和偏磷酸的钠盐、钾盐、钙盐、铁盐等，复配产品是各种产品的混合物。这些产品主要用于水产品、烘焙食品、面制品、肉制品、禽产品和奶制品等食品加工，作为增味剂、乳化稳定剂、酸化剂、水分保持剂、保鲜剂、pH调节缓冲剂、护色和抗氧化剂、膨松剂和营养强化剂等，应用非常广泛。

矿物质营养素包括铁、钙、锌、铜、锰、镁及复配营养强化剂，广泛应用于食品、医药和特殊功能食品。

根据客户应用和食品安全的需要，我们的很多产品在纯度、主产品含量、溶解速度、流畅性等方面领先于行业同类产品。有颗粒产品、超细粉末产品，以及特定密度的产品，以满足用户食品加工的需要和使用的便利。

我们的焦磷酸钾和焦磷酸铜含量高，有害杂质含量低，在高端电镀等方面得到行业的广泛认可。

基于原天富集团在欧洲几十年的经验以及我们对焦磷酸二氢二钠和磷酸钙盐的深刻理解，我们开发出了多种无铝复合膨松剂及面制品行业配套产品。

我们很乐意针对客户需要调整产品的指标和配方，利用我们的技术优势，为客户量身定制特殊纯度、特殊化学成分、有独到的化学和物理性能的产品是我们和合作伙伴一起成长的重要方式。

本手册的最后一页列出了我们的主要产品。

We have hundreds of products, mainly food grade and pharmaceutical grade single phosphates, blended phosphates, mineral nutrients, aluminum-free baking powders, as well as phosphates for electronic and electroplating industries and other special applications.

Food-grade single phosphates include various sodium, potassium, calcium and iron orthophosphates, pyrophosphates and polyphosphate. Blended phosphates are mixtures of various ingredients. These are widely applied in sea food, bakery, noodles, meat, poultry, milk and other foods, as flavor enhancer, emulsifier and stabilizer, acidifying agent, water-holding agent, pH modifier and buffer, colour improver, antioxidant, baking powders and nutritional elements.

Mineral nutrients include calcium, ferric, zinc, copper, manganese, magnesium and premix nutrition enhancer which be widely used in food, pharmaceutical and healthcare.

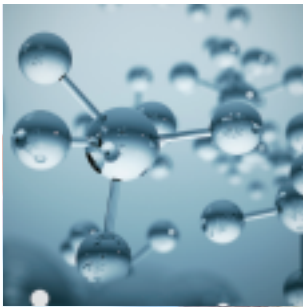

Our products are often superior to competitors' products in purity, content, dissolving rate, flowability and so on to meet customers' needs in application and food safety. We have also granular products, fine powders, high-density or low density products for food processing needs and handling convenience.

Quality of our potassium pyrophosphate and copper pyrophosphate is well recognized in high-end electroplating for high purity and low content of harmful impurities.

Based on the experiences of Thermphos group in the last decades and our knowledge about acidulants, we have developed various aluminum-free baking powders and related products in bakery industry.

One way for us to grow together with our partners is to actively tailor-make products and develop new products using our technical strength. We are ready to adjust our products and recipes according to customers' needs.

Our main products are listed on the last page of the brochure.

质量和服务

QUALITY AND SERVICES

天富公司是公认的高质量产品的可靠供应商，致力于满足客户的所有要求，达到最严格的产品标准。我们持续不断地改进产品质量，包括产品的生产和运输。

为满足客户的需要，保证产品在食品应用中的安全，我们严格控制生产所用原材料的质量，采用最先进的工艺和操作过程，对产品按质量管理体系的要求进行严格检测，并在仓储、运输环节进行严格管理。

天富工厂多年前就通过了ISO9001质量管理体系认证，也是多年前中国磷酸盐行业第一家通过ISO22000食品安全认证的企业。公司还可以根据各地市场的需要，提供Kosher、Halal和NSF等证书。

公司新工厂在2015年通过SGS FSSC 22000认证。在2019年中，公司二期GMP车间竣工，并将取得GMP相关证书。

通过自身的销售团队、代理商和经过挑选的经销商网络，客户可以在全球任何一个地方得到快速、有效的供货、服务和技术支持。

Thermphos is renowned as a reliable supplier of high-quality products and is dedicated to meeting all of its customers' requirements and complying with the most demanding standards. We are continuously improving our products, both in the way we produce and deliver them.

In order to meet our customers' needs and to ensure food safety, we strictly controls incoming raw materials and uses state-of-the-art processes and operations. Furthermore, we analyze the quality of products according to a quality management system, and adequately manage the whole logistics process.

Thermphos has been ISO 9001 certificated. It was the first phosphate producer in China to get ISO22000 certificate for food safety nearly 10 years ago. We are also ready to provide certificates such as NSF, Kosher and Halal according to the needs of local markets.

Our new plant has been FSSC 22000 certificated since 2015.The GMP workshop of the phase II was completed in the middle of 2019, and will be get the GMP certificate soon.

Our' customers can count on fast delivery and customized services anywhere in the world, whether through our own sales teams, independent agents, or network of selected distributors..

社会责任

SOCIAL RESPONSIBILITY

作为食品配料生产企业，我们积极承担社会责任，保护自然，努力成为股东、员工、客户和供应商的可靠伙伴。

我们本着坦诚的原则，与员工建立互相尊重、互相依赖的关系，改善员工的工作环境，鼓励员工处理好工作和个人生活的平衡。

我们以良好的产品质量和服务，和客户建立双方满意的合作。

我们希望和供应商建立互相尊重的关系，找到双赢方案，共同成长。

我们愿意以开放的态度，和公共部门及社区建立良好的关系。

我们尽最大努力保证安全水平和环境保护，做模范企业。

As a manufacturer of food ingredients, Thermphos takes its social responsibilities to the environment and strives to be an attractive partner to its shareholders, employees, customers and suppliers.

We seek for relationships based on mutual respect, openness and commitment to employees, consistently improving working conditions and encouraging employees to maintain a balance between their job and their private life.

We endeavor to achieve mutual satisfaction for customers by the quality of its products and services.

We strive to find win-win solutions and to grow together with its suppliers.

We firmly believe in an open, professional relationship with the public sector and with society in general.

We do our utmost to guarantee safety and to protect environment, aiming at the best in these areas.

主要产品

MAIN PRODUCTS

下面是我们的主要产品。根据客户的具体需要，我们还可以为客户量身定制产品。具体请联系我司业务人员。

单体磷酸盐

- 磷酸二氢钠（无水 and 一水、二水）
- 磷酸氢二钠（无水 and 二水、十二水）
- 磷酸三钠（无水 and 十二水）
- 磷酸二氢钾
- 磷酸氢二钾
- 磷酸三钾
- 磷酸二氢钙（无水 and 一水）
- 磷酸氢钙（无水 and 二水）
- 磷酸三钙
- 酸式焦磷酸钙
- 焦磷酸钠（无水 and 十水）
- 焦磷酸一氢三钠（无水 and 一水）
- 焦磷酸二氢二钠
- 焦磷酸钾
- 焦磷酸铜
- 三聚磷酸钠
- 三聚磷酸钾
- 六偏磷酸钠

无铝复合膨松剂及配套产品

- 通用型泡打粉
- 各类专用泡打粉
- 包括西点、中式点心、油炸产品、冷冻食品、白馒头、预拌粉、裹粉等
- 塔塔粉
- 面制品改良剂（复合酶制剂等）
- 果蔬粉
- 复配乳化剂
- 预拌粉（芝麻球、蒸蛋糕、油条等）

复配产品

- 各种海产品复合磷酸盐
- 各种肉、禽产品复合磷酸盐
- 各种面制品复合磷酸盐
- 乳制品复合磷酸盐
- 复配稳定剂（掩盖）

营养强化剂及其他产品

- 焦磷酸铁
- 富马酸亚铁
- 硫酸亚铁
- 乳酸亚铁
- 柠檬酸铁铵
- EDTA铁钠
- 葡萄糖酸亚铁
- 碳酸亚铁
- 葡萄糖酸钙
- 柠檬酸钙
- 乳酸钙
- 磷酸氢钙
- 磷酸三钙
- 碳酸钙
- 葡萄糖酸锌
- 硫酸锌
- 硫酸镁
- 硫酸锰
- 葡萄糖酸铜
- 环糊精系列（α 环糊精，β 环糊精，γ 环糊精）
- 植物源半胱氨酸系列

The following are our main products. We are also ready to develop special products for customers as they need.

SINGLE PHOSPHATES

- Monosodium phosphate (MSP)(anhydrous and hydrate)
- Disodium phosphate (DSP) (anhydrous and hydrate)
- Trisodium phosphate (TSP) (anhydrous and hydrate)
- Monopotassium phosphate (MKP)
- Dipotassium phosphate (DKP)
- Tripotassium phosphate (TKP)
- Monocalcium phosphate (MCP) (anhydrous and hydrate)
- Dicalcium phosphate (DCP) (anhydrous and hydrate)
- Tricalcium phosphate (TCP)
- Calcium acid pyrophosphate
- Tetrasodium pyrophosphate (TSPP) (anhydrous and hydrate)
- Trisodium acid pyrophosphate (TSAPP) (anhydrous and hydrate)
- Sodium acid pyrophosphate (SAPP)
- Tetrapotassium pyrophosphate (TKPP)
- Copper pyrophosphate
- Sodium tripolyphosphate (STPP)
- Potassium tripolyphosphate (KTPP)
- Sodium hexametaphosphate (SHMP)

ALUMINUM-FREE BAKING POWDERS AND RELATED PRODUCTS

- Baking powders for general applications
- Baking powders for steamed and baked cakes, fried foods, frozen breads, pre-mixed flour
- Cream of Tartar
- Structure improver (blended enzymes)
- Fruit and vegetable powders
- Blended emulsifiers
- Flour pre-mix

BLENDED PHOSPHATES

- Various blends for sea food
- Various blends for meat and chicken
- Various blends for noodles
- Various blends for milk products
- Blended stabilizer (Masking)

NUTRITION ENHANCER AND OHTERS

- Ferric pyrophosphate
- Ferrous fumarate
- Ferrous sulfate
- Ferrous lactate
- Ferric ammonium citrate
- Ferric sodium edetate
- Ferrous gluconate
- Ferrous carbonate
- Calcium gluconate
- Calcium citrate
- Calcium lactate
- Dicalcium phosphate
- Tricalcium phosphate
- Calcium carbonate
- Zinc gluconate
- Zinc sulfate
- Magnesium sulfate
- Manganese sulfate
- Copper gluconate
- Cyclodextrin Series (α, β, γ)
- Vegetarian L-cysteine series
