Bringing golden colour and a healthier salt choice to every popcorn

- Healthier sodium option
- Antioxidant protection
- Enhanced emulsion stability
- Optimised fat blend
- Authentic butter flavour

Sun-kissed

Popcorn oil with natural sea salt

This is a concept with many recipe varieties. It is meant to be used as a base to identify a customer's best solution.

Concept description

This premium popcorn oil is formulated to deliver an authentic buttery aroma, vibrant golden colour, and superior coating performance during popping. It features a blend of refined coconut or palm oil and high oleic sunflower or soybean oil, chosen for their heat stability and clean taste.

Infused with natural and synthetic butter flavour, this formula recreates the classic movie-theatre popcorn experience. It is further enhanced with **Nutrisoft® 55** to improve the foaming and sticking of the oil to the popcorn surface.

To boost visual appeal, the oil is naturally tinted with **Lucarotin® B 30 SUN**, a β -carotene dispersion, providing a warm, buttery hue. Optional emulsification with **lecithin** improves oil dispersion, and **Covi-ox® T70** (Natural Vitamin E) supports oxidation stability and shelf-life.

Formulation guidelines

Ingredient	Percentage
Refined Coconut or Palm Oil	40%
Water	38%
High Oleic Sunflower Oil or Soybean Oil	15%
Butter Flavour (natural/synthetic)	3%
Lecithin (Emulsifier, optional)	0.5%
Saltwell® Natural	1.5%
Covi-ox® T70 (Natural Vitamin E)	0.4%
Nutrisoft® 55	1.5%
Lucarotin® B 30 SUN	0.1%
Total	100%
