This is a concept with many recipe varieties. It is meant to use as a base to identify customer's best solution.

Concept description

Discover the delightful fusion of cream cheese and confectionery with our exquisite Cream Cheese Macchiato Enrobing, crafted from Pure Cheese Powder by **Lactosan** and Cocoa Butter Taste (CBT) by **Bunge**.

Cream Cheese flavor from **Synergy** enhances the cheese profile, and combined with Caramel flavor creates a sweet, salty, and creamy cheese taste. Enriched with magnesium, L-theanine and L-tryptophan from **Vitablend**, which promote relaxation and improve mood. This product is perfect as a topping for a wide variety of foods such as biscuits, fruits, and marshmallows, enriching the texture and overall taste.

Imagine showcasing this delectable enrobing as a mesmerizing cheese fountain, captivating guests with both its visual appeal and indulgent taste. Our cream cheese enrobing promises a unique and unforgettable culinary experience that delights the palate and nourishes the body.
